Partitions

BANQUET TABLES

EZI-FLOR have a varied and wide range of tables, including Banquet, Venue, Bar, and Hospitality industry tables. These include fold & roll varieties, folding legs, round and oblong, folding top bar tables and cafe tables with folding tops and good nesting ability.

MOBILE PARTITIONS

EZI-FLOR Mobile Partitions are available in two very versatile models. The larger of the two models has five folding sections and two cross sections for stability and locking wheels. The slightly smaller model has three folding sections and locking wheels for stability.

DRY BAR TABLES

EZI-FLOR Dry Bar Tables have a 600mm stainless steel folding top. The base gives the ability to stack the tables together using minimal storage.

TABLE & DRY BAR COVERS

EZI-FLOR are suppliers of quality **Australian made** lycra and polyester covers to suit round, rectangle, square and dry bar tables.

TABLE & STAGE SKIRTING

EZI-FLOR are suppliers of quality **Australian made to measure** table and stage skirting. Our simple quick fix and release system on all skirting is labour saving and requires less maintenance.

EZI-FLOR PORTABLE DANCE FLOOR

EZI-FLOR Portable Dance Floor interlocks and fastens by itself. Using our unique aluminium extrusions, full size panels which measure 920 x 920 x 25mm thick, we also use half size panels to create the **perfect portable dance floor**.

EZI-FLOR portable dance floor panels are made of Oak parquetry and finished with Polyurethane. The edge strips are anodized aluminium and our transporter / storage caddy holds 25 panels with edges.

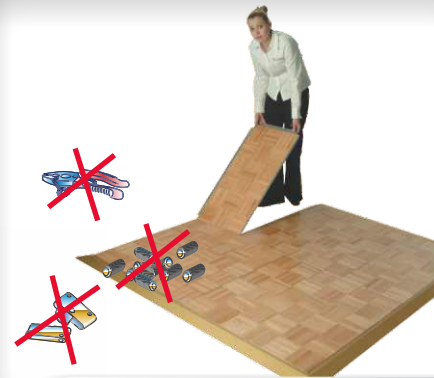

EZI-FLOR is the leading manufacturer of Portable Dance Floors and Staging in Australia

EZI-FLOR FOLD & ROLL STAGE

EZI-FLOR Fold & Roll is available in dual height 410mm & 610mm high and 2400 x 1800mm wide. Only one staff member is needed to set your stage design, saving you time and money.

EZI-FLOR stage modules are very simple to use with no heavy lifting or carrying. When in position the stage module sits on 8 points and is very stable. The modules have connectors for a positive locking system when more than one module is being used.

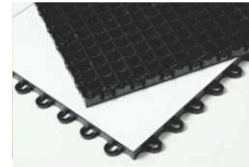

SAVE 60% ON YOUR TIME AND LABOUR COSTS

EZI-FLOR VINYL DANCE FLOOR

Ezi-Deck Vinyl panels are made of high - impact polypropylene and snap together with a unique (7) hook & loop connection system which allows for a rapid assembly without any tools and minimal effort.
